

**Training and Awareness Workshop
on
"Disaster Emergency Response and Basic Life Saving Skills"
19 September, 2022**

The college through Department of Disaster Management and in collaboration with Department of Civil Defense, J&K organized a One-day Training and Awareness Programme on "Disaster Emergency Response and Basic Life Saving Skills". The instructors demonstrated necessary life-saving methods such as CPR and First Aid. They created an aura of awareness regarding various hazards that can impact Kashmir valley besides highlighting the vulnerabilities related to them. Furthermore, live demos on various rescue knots were carried out to train students for emergency situations. On this occasion demonstration about proper use of fire extinguishers was also made for student awareness and capacity building. The programme concluded with the vote of thanks extended by Ms. Ifshana Mir, CR 3rd Semester. All the faculty (teaching and non-teaching) and one hundred students attended the workshop. The Department of Disaster Management was assisted by Department of Physical Education, NSS, NCC and IQAC.
